WATERBORO TOWN REPORT

AUDITOR'S REPORT

I, Horace P. McLaughlin, Auditor of Waterboro, Maine, certify that I have made a careful audit of the accounts of the Selectmen, Treasurer and Collector of taxes of Waterboro for the year 1930 and certify the same as herein recorded to be correct.

The Selectmen have issued 1472 orders to the Treasurer and these have all been paid, the same amounting to \$47,029.54

Because of the large amount of extra work in both Selectmen's and Treasurer's office, my audit has required four and one-half days to complete the work and I have found vouchers for every cent that has been paid during the year just closed.

Respectfully submitted,

March 3, 1931 H. P. McLaughlin, Auditor.

IN APPRECIATION

Fellow Citizens: In token of my appreciation for the valiant efforts of the Waterboro Fire Department and the hundreds of volunteers to save my property in the terrible fire of last May, I hereby give to the Waterboro High School the piano now in use in the school and which I loaned to the school eight years ago.

Again thanking you all for your efforts,

Sincerely yours,

MARY ANDREWS ROBERTS.

HIGH SCHOOL ENDOWMENT FUND

The endowment fund for Waterboro High School was created nine years ago by a few friends who realized that if such a worthy object was ever to be realized, it must have a beginning. With this object in view, friends of the idea deposited a sum of money in the Sanford Trust Company to be known as the Waterboro High School Endowment Fund.

Believing that there are people in town who endorse an object of this nature, with many a hope, and never a fear, we beg to acquaint our friends with this worthy cause.

Faithfully submitted,

MARY ANDREWS ROBERTS, Trustee.

WATERBORO TOWN REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee of Waterboro:

Gentlemen: I am pleased to submit for your consideration the annual report of the School Department of Waterboro.

The year has been a pleasant and profitable one. The usual standard of good scholarship has been maintained, attendance has been satisfactory, and a splendid co-operation among parents and teachers has been marked. In my opinion the standard maintained by the schools of Waterboro compares very favorably with that of other towns of the State.

I would urge that Waterboro, in the near future, make provision for instruction in music. The State Department emphasizes this subject as a very important and essential one. More and more towns are realizing the necessity of providing definite instruction in this particular subject.

Registration statistics of the elementary schools at the present time are as follows: South Waterboro: Grammar 23, Intermediate 22, Primary 25; East Waterboro: Grammar 17, Primary 30; North Waterboro 22; Old Corner 14; Total 153. The last school census shows the number of persons between the ages of 5 and 21 years as follows: Boys 140; Girls 131; Total 271.

The schools have been maintained within the appropriations. Little has been done this year in the way of repairs. May I call your attention to the fact that the building at South Waterboro should be painted sometime in the near future.

We have been advised by the State Department that during the coming two years there will be a decrease in the State School Fund of approximately six percent. It will therefore be necessary for all towns to raise by taxation a sum sufficient to offset this deduction.

In bringing you this report, may I extend to you, to the teachers, and to the citizens of Waterboro, my grateful ac-

WATERBORO TOWN REPORT

knowledge of the kindness and co-operation shown me.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

TO THE SUPERINTENDENT OF SCHOOLS:

I have the honor to submit my sixth annual report of Waterboro High School.

Our enrollment at the present time is forty-eight, practically the same as that of the past two years. The grades are divided as follows:

Seniors	9
Juniors	10
Sophomores	11
Freshmen	18

It is safe to assume that next year the enrollment will be larger, as the entering class next September will be considerably larger than the present Senior Class, which will graduate this June. I mention this possibility because of the fact that the seating capacity of the High School is just forty-eight, and a larger enrollment would necessitate the purchase of additional desks.

Taking into consideration that many of the students have to travel several miles to reach school, the attendance is very good. Last year approximately one-half of the student body received the books presented annually by Nora Archibald Smith for perfect attendance.

We feel that the students, for the most part, show a praiseworthy interest in their work. Only one student has left school since the opening last Fall, and that one moved out of town.

Several valuable books have been added to our library in the past year. A good library is a valuable adjunct to any school, and we have many good reference works. The latest addition to this department is an especially fine set of World

WATERBORO TOWN REPORT

History Reference, a set of ten large volumes. To obtain this set the school has pledged itself to meet half of the cost. I wish also to mention the books which are occasionally presented by the local W. C. T. U., for which we are very grateful.

In closing my report I wish to thank the school officials and townspeople for the hearty co-operation shown during the past year.

Respectfully submitted,
ELMER S. MARSHALL, *Principal*.

AUDITORS REPORT

I hereby certify that I have examined the accounts of the Selectmen, and of the Treasurer and Collector, and find them to be correct.

The total number of orders drawn was 1967. I have seen evidence of the payment of these orders, with the following exceptions:

Order No. 1744	\$25.00
Order No. 1897	3.50
Order No. 1912	30.00
Order No. 1922	1.40
Order No. 1928	18.50
Order No. 1931	3.00
Order No. 1938	6.00

The Treasurer's accounts show the above orders as paid, but the vouchers have not been returned.

I find a bank balance of \$468.30. The Treasurer has on hand \$54.47 in cash, and \$1910.77 in uncashed checks.

Auditor of the Town of Waterboro.

Signed: ELMER S. MARSHALL,

Dated February 29, 1932.

WATERBORO TOWN REPORT

ANNUAL REPORT

of the

SUPERINTENDENT OF SCHOOLS

MAYNARD S. WRIGHT, SUPERINTENDENT.

To the Superintending School Committee and Citizens of Waterboro:

I am pleased to submit for your consideration the annual report of the School Department of Waterboro.

Pupils are registered and classified by schools at the present time as follows:

South Waterboro:

Grammar	19
Intermediate	25
Primary	14

East Waterboro:

Grammar	13
Primary	31

Old Corner

19

North Waterboro

29

Total	150
-------------	-----

The last school census shows the number of persons between the ages of 5 and 21 years as follow:

Boys	132
Girls	132

Total	264
-------------	-----

A new course of study was issued by the State Department of Education last fall and is now being used in our schools. In connection with its use several changes in text books have been made, especially geographies and histories.

The school buildings are in good condition. The building at South Waterboro was painted during the summer. We have also installed a new motor in the building in connection with the pumping system, thus bringing about definite improvement in the matter of water supply.

We are at the present time facing a critical situation in the matter of financing the schools. There is much discussion relative to lowered rates of taxation. In some quarters it has been

WATERBORO TOWN REPORT

suggested that tax reduction can be brought about by reducing the salaries of teachers. Recent figures received from the Department of Education indicate that a ten per cent reduction of salaries in Maine would result in an average saving to the taxpayer of only seventy-eight cents per thousand dollars of valuation. Maine already ranks low among the forty-eight states of the Union, holding at the present time thirty-sixth place. Salaries in Maine are lowest of any of the states of New England. I trust that necessary reductions in the town's expenses can be brought about without serious detriment to our schools. It should be borne in mind that the younger generation is not responsible for the present depression and should not be deprived of the educational advantages which rightfully belong to it.

In bringing you this report, may I extend to the Committee, to the teachers, and to the citizens of Waterboro, my grateful acknowledgment of the kindness and cooperation shown me.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

Principal's Report.

To the Superintendent of Schools:

I herewith submit my seventh annual report of Waterboro High School.

School opened in September with an enrollment of fifty, divided into classes as follows:

Seniors	9
Juniors	10
Sophomores	19
Freshmen	12

WATERBORO TOWN REPORT

As usual, the majority of the students are taking the English course, only a small percentage taking the Latin, or College course.

The State Department has caused a change to be made in the curriculum. This change affects only those students who are taking Latin. From now on the school will offer three years of Latin instead of four.

We have had several additions to our school library this year, one of which is a fine two-volume set on the life of George Washington.

The need of a junior high school is becoming more evident each year. The increasing enrollment, and ever changing State requirement have so affected the school system that it will soon become necessary to add to the teaching force. Most towns throughout the State have met similar conditions by installing a junior high school. I believe that by further consolidation the town of Waterboro could carry out this plan with little added expense.

The general condition of the school is practically the same as last year. The average of scholarships is quite satisfactory, nearly all of the students showing a praiseworthy interest in their school work.

In closing I wish to express my appreciation of the support given me by school officials and citizens.

Respectfully submitted,

ELMER S. MARSHALL,

Principal.

AUDITORS REPORT

Following is the result of the audit made by me of the accounts of the selectmen, collector of excise taxes, tax collector and treasurer of the Town of Waterboro for the fiscal year of 1932.

The total number of selectmen's orders was 1,754. I have seen bills, or other cause for payment, for all orders drawn.

The amount of excise taxes collected was \$925.96.

TAX COLLECTOR

Commitment,	\$35,789.04

TREASURER

I find the total receipts of the year, including tax commitment, credits, and loans, to be \$67,238.84.

WATERBORO TOWN REPORT

I find the total disbursements to be \$63,954.30.

To balance the receipts and disbursements the treasurer has:

Uncashed checks,	\$2,872.09
Bank balance,	281.41
Cash on hand,	131.04

Vouchers were at hand for all items except the following:

Order No.

WATERBORO TOWN REPORT

ANNUAL REPORT of the SUPERINTENDENT OF SCHOOLS

MAYNARD S. WRIGHT - SUPERINTENDENT

To the Superintending School Committee and Citizens of
Waterboro :

I am pleased to submit for your consideration the annual report of the School Department of Waterboro.

Pupils are registered and classified by schools as follows :

South Waterboro :	
Grammar,	23
Intermediate,	31
Primary,	17
East Waterboro :	
Grammar,	13
Primary,	33
Old Corner,	16
North Waterboro,	28
	<hr/>
Total,	161

The last school census shows the number of persons between the ages of 5 and 21 years as follows :

Boys,	132
Girls,	133
	<hr/>
Total,	265

During the past year we have endeavored to keep the standard of the schools unimpaired and at the same time to practice all reasonable economies. The financial statement will show that the latter has been accomplished. Although part of our balance is due to the closing of schools in January for sickness, a substantial amount is due to cutting down expenses.

I wish to extend a word of appreciation to Mrs. G. A. McLucas for financing the instruction of music in the East Waterboro schools. This subject is eminently worth while in a school system and it is my hope that

WATERBORO TOWN REPORT

with the return of more prosperous days the town will give support to its instruction in all the schools. A word should also be spoken for the parents and friends of pupils conveyed to East Waterboro for aid in connection with the serving of noon-time lunches.

In bringing you this report, may I extend to the Committee, to the teachers, and to the citizens of Waterboro, my grateful acknowledgment of the kindness and coöperation shown me.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

WATERBORO TOWN REPORT

To the Superintendent of Schools:

I herewith submit to you my eighth annual report of Waterboro High School.

We have an enrollment of fifty-six, divided by classes as follows:

Seniors,	10
Juniors,	19
Sophomores,	11
Freshmen,	13
Post-Graduates,	3

This is the largest enrollment for several years, and it is quite likely that there will be a greater number next year.

The increased registration is taxing the seating capacity of the school and if it continues to increase some other room will have to be provided.

As in other branches of the school system, the strictest economy is observed in the use of textbooks, materials and supplies. The study of chemistry next year will call for a new supply of chemicals.

I wish to express my appreciation of the support given me by school officials and citizens.

Respectfully submitted,

ELMER S. MARSHALL,

Principal.

**here under the
Federal Deposit Insurance Corporation**

Your bank-book from this strong bank is what might be called a unique insurance policy because the amount shown therein is insured

--against theft

--against loss

--against fire

--against waste

but instead of charging you a premium for this protection, we pay you **DIVIDENDS** regularly on amounts deposited from the very day you put them in.

Auditors Report

I hereby certify that I have made a careful audit of the accounts of the Selectmen, Collector and Treasurer and find them correct.

The Selectmen have shown me a bill for each order drawn, and the Treasurer has shown me a cancelled check as proof of payments for each order paid, with the following exceptions: Twenty nine orders amounting to \$430.08 which checks have not been presented at the bank.

I have deducted this amount from the bank balance of \$2643.58 which leaves a new bank balance of \$2213.50

The Treasurer has shown me \$35.15 cash to bal.

Respectfully submitted,

EDWARD E. LIBBY,

Auditor of the Town of Waterboro.

ANNUAL REPORT of the SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens
of the Town of Waterboro:

It is my pleasure to submit for your consideration
the annual report of the School Department of Water-
boro.

Pupils are registered and classified by schools as fol-
lows:

South Waterboro:

Grammar	30
Intermediate	26
Primary	18

East Waterboro:

Grammar	22
Primary	37

Old Corner 9

North Waterboro 24

Total 166

According to the last school census the number of
persons between the ages of 5 and 21 years is as follows:

Boys	134
Girls	139

Total 273

During the past year there have been several changes
in the teaching personnel. Upon the resignation of Mr.
Elmer S. Marshall, who left Waterboro to accept a posi-
tion in Old Orchard, Mr. Sewall M. Drisko was elected

principal of the high school. Mrs. Mary Ricker is assistant in the high school in place of Mrs. Pauline Trafton. Other new teachers are as follows: No. Waterboro-Mrs. Natalie Hobbs; S. Waterboro Intermediate-Miss. Bernice Kimball; Old Corner- Miss Edna Roberts. The remaining teachers were assigned to schools as follows : Miss Maud Carpenter - So. Waterboro Grammer; Miss. Effie Hamilton - So. Waterboro Primary; Miss Bessie Smith East Waterboro Grammer; Miss. Alice Huff - East Waterboro Primary.

We have endeavored to keep up the standard of the schools in spite of the necessity to curtail expenses. The schools have been financed within the appropriations. The figures shown in the financial statement indicate the maintenance of schools for thirty-eight weeks during the fiscal year. This is explained by the necessity of making up two weeks of time lost last year.

During the past year certain regulations have been made relative to seating capacity and safety of school transportation vehicles. Owing to the fact that so many towns have made drastic cuts in their appropriations there has been more or less leniency, during the past year, in enforcing these rules. Advice has come from the State Department that during the coming year they will be enforced and that towns should make adequate appropriations to meet any extra expense which might be involved. The safety of children who are transported to school is not a matter to be regarded lightly.

During the past summer the interior of the North Waterboro school was painted. Interior painting is necessary in the school at South and East Waterboro.

If our schools are to continue without loss of efficiency there should be no further slashing of appropriations. I trust that this matter will receive the thoughtful consideration of the voters in determining the amount of support to be given the schools for the coming year.

May I extend to the Committee, to the teachers and to the citizens of Waterboro my sincere appreciation of the kindness and cooperation shown me.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

To the Superintendent of Schools:

I herewith submit my report of Waterboro High school.

We have an enrollment of forty seven, divided as follows:

	Girls	Boys	Total
Seniors	7	7	14
Juniors	9	3	12
Sophomores	4	3	7
Freshmen	6	8	14

The average attendance to date is 43.5. Due to ill health one pupil has left school.

I would recommend that two new courses be added as soon as convenient:

- Biology, not as a science, but as a social study to give the student an answer to the following questions: What is our background? What are the effects of environment and heredity? How may we aid these?

The other study is Spelling, a subject I feel is very much neglected in the high school curriculum.

The Physics laboratory is in need of a larger amount of equipment in order that it may meet the requirements.

Also, I would suggest closer relationship between school and home, the organization of a Parent-Teacher Association, for it is only with the closest cooperation and harmony of these two groups, that education can fulfill its numerous requirements.

I wish to express my appreciation of the support given me by the school officials and citizens.

Respectfully submitted,

SEWALL M. DRISKO,

Principal.

TO THE VOTERS:

I, William H. Welch, of Saco, will be a candidate for sheriff at the Republican Primaries held on June 18, 1934.

For the past 28 years I have been an active worker for the Republican party. I served the city of Saco as jailor and police officer for 8 years. For four years I served as deputy sheriff of York County.

Besides being a veteran myself, I am the son and the grandson of veterans. I am also a laboring man. If I am elected I promise to put my full time into the position of Sheriff. I also promise that I will save the taxpayers from \$ 2,000 to \$ 4,500 in two years. Also, if I am elected, I will appoint more laboring men and veterans as deputies, than have ever before been appointed in York County.

Two years ago next September the voters elected a Democratic sheriff. The Republican voters grew tired of seeing the same faces in the department year after year. Also they wanted to do house cleaning in the County Jail. Now, voters, if you want new faces and new blood in the department, and a new deal under a new sheriff, absolutely fearless, unhampered by promises to political bosses, vote for,

WILLIAM H. WELCH SACO

SAVE AS YOU EARN--

If the average man waited until he had \$100.00 before he put it into the bank, he would rarely start a savings account.

But regular weekly deposits of small sums soon mount to more than a \$100.00

The statutory lien on all real estate where taxes are delinquent for the year 1934 has been preserved for the Town of Waterboro, either by the advertising and the sale of the same according to law, or the filing of tax liens under the provisions of Chapter 244 of the laws of Maine for the year 1933.

February 23, 1935.

Twenty dollars paid this day reduces delinquent tax account that amount and increases "Cash to balance" to \$739.48.

February 23, 1935.

Thirty-one dollars and thirty-one cents paid this day reduces delinquent tax account to \$3,030.53 and increases treasurer's balance to \$750.79.

Feb. 27: Owen and Clinton Wakefield have paid all 1934 taxes this day.

AUDITOR'S REPORT

I hereby certify that I have examined the books and accounts of the selectmen, the treasurer and collector of taxes for the Town of Waterboro for the year 1934 and find them correct.

The treasurer has a cash balance of \$719.48.
 Waterboro, Maine, February 22, 1935.

ELIZABETH P. BLAISDELL,
 Auditor of Waterboro, Maine.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Waterboro:

It is my pleasure to submit for your consideration the annual report of the schools of Waterboro.

Pupils are registered and classified by schools as follows:

South Waterboro

Grammar,	28
Intermediate,	25
Primary,	27

East Waterboro

Grammar,	21
Primary,	35

North Waterboro

Number of pupils,	32
-------------------	----

There are, by the last school census, 266 persons between the ages of five and 21 years.

Conditions during the past year have seemed to be somewhat more favorable for the schools. We have been able to continue the maintenance of a thirty-six week school year and have been relatively free from interruptions this winter due to epidemics and unfavorable weather conditions.

At the end of the last school year, the school at Old Corner was closed by action of the Committee owing to the fact that this school had too few pupils for its profitable maintenance. I would recommend that this school, under present conditions, be kept closed by action of the town. Pupils have been transported to South Waterboro at a cost which is less than half the amount necessary to maintain the school.

We have continued to convey the seventh and eighth grade pupils from North Waterboro to the South Waterboro School. Although this arrangement has improved conditions at North Waterboro, it is, on the whole, an unsatisfactory solution of our problem. Conditions in the winter make the regular attendance of these pupils very uncertain. The schoolhouse at North Waterboro could be remodeled into a two-room building, thus providing for an extra teacher. I feel that such an arrangement would be a decided advantage over present conditions.

Improvement of the grounds at the East Waterboro School was brought about by the grading project with FERA funds. This project was very much worthwhile as may be noted from the results obtained. I would suggest that in the event additional Federal money is allocated to the town it might well be used for work on the schoolhouse at North Waterboro.

The balances shown in the financial statement are due for the most part to the fact that payment has not been made for the last three weeks of the fiscal year, owing to lack of funds in the treasury to cover the balances of the school department.

May I take this opportunity to urge support of the report of the Maine School Finance Commission and legislation in its favor. The proposed law, through sources of revenue other than the property tax, is designed to equalize educational advantages throughout the State, at the same time offering relief to the property taxpayer. This town would benefit materially by the passage of this act.

In conclusion, I wish to express to the School Committee, to the teachers, and to the citizens of Waterboro, my appreciation of their support during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT,
Superintendent of Schools.

REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

I herewith submit my second annual report of Waterboro High School.

We have an enrollment of fifty-five, divided as follows:

	Boys	Girls	Total
Post-graduates,	1	1	2
Seniors,	9	3	12
Juniors,	3	3	6
Sophomores,	7	8	15
Freshmen,	9	11	20

The average attendance to date has been 49.99.

Three students have left school. A freshman was severely injured in an accident at home. A sophomore left looking for work, and a post-graduate went to business college.

Spelling has been added to our curriculum. Once more

I recommend the addition of Biology. The Chemistry laboratory is nearly depleted. To meet requirements, a large amount of equipment must be added.

May I express my appreciation for the support given me by the school officials and citizens.

Respectfully submitted,

SEWELL M. DRISKO,

Principal.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Waterboro:

It is my pleasure to submit for your consideration the annual report of the schools of Waterboro.

Pupils are registered and classified by schools as follows:

South Waterboro-	
Grammar	29
Intermediate	16
Primary	20
East Waterboro-	
Grammar	28
Primary	31
North Waterboro	
Grammar	22
Primary	22
Total--	168

For high school registrations I respectfully refer you to the report of the Principal.

Number of persons between the ages of 5 and 21 years:

Boys-128, Girls-134, Total 262

During the fall term the school house at North Waterboro was remodeled to make a two room building. This arrangement does away with transportation of pupils to South Waterboro and thus far has proved to be a decided step in advance. At present the rooms are somewhat crowded. More space would be available if a furnace were installed thus doing away with the stoves. This building should be painted during the coming summer.

Sanitary conditions at East Waterboro have been improved by new toilets which were annexed to the rear of the building. Heating conditions at this school were recently improved

by the installation of a new fan which forces the heat with increased velocity.

The roof of the South Waterboro building will need attention during the coming summer.

Owing to depletion of the balances which accumulated up to the last fiscal year, a substantial increase in appropriations will be necessary to carry on the schools on their present basis.

In conclusion, I wish to express to the committee, to the teachers and to the citizens of Waterboro, my appreciation of the kindness and consideration shown me during the past year.

Respectfully submitted,
MAYNARD E. WRIGHT,
Superintendent of Schools.

REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

I herewith submit my third annual report of Waterboro High School.

The registration in September was forty-nine divided as follows:

	Girls	Boys	Total
Post Graduates	3	0	3
Seniors	4	3	7
Juniors	6	7	13
Sophomores	9	5	14
Freshmen	3	9	12
Total	25	24	49

Three Freshmen boys left school shortly after school began in fall. One transferred to Alfred and the other two went to work. The average attendance to date is 46.75

Again I call attention to the depleted condition of our Science Laboratory. The requirements of the State Depart-

ment of Education in regard to its maintenance is being stringently enforced, thereby endangering our Class "A" rating.

The School Library is also in need of attention. The State Department recommends that at least seventy-five dollars shall be spent each year. We have supplemented our Library this year by borrowing one hundred books from the State Library.

I am pleased to report that the debt of ninety-seven dollars owed to the Webb-Smith Printing Co. of Cornish has been reduced to nine dollars. Arrangements are now being made to raise the balance.

I wish to thank the school officials and townspeople for their cooperation in carrying out the work of the school.

Respectfully submitted,

SEWELL M. DRISKO,

Principal.

All real estate on which 1934 taxes were unpaid was either advertised and sold for taxes or a tax lien filed against the real estate in the registry of Deeds for this County. All real estate on which 1935 taxes are unpaid has either been advertised and sold for the unpaid tax, or a lien will be filed against the same soon after Feb. 29, 1936, the first date permissible under the tax lien laws of Maine.

THE CAROLINE LEONARD FUND

These funds, all deposited in Biddeford Savings Bank, First: For the benefit of the Church, the Schools and the Poor of Carl's Corner, show, as of February 27, 1936, balance due, \$861.12. Second: For the benefit of the Church, the Schools and the Poor of Old Corner, balance due of \$153.39. Third: For the care of the Nason lot at the rear of the town house, balance, \$275.55. From this latter account there will be an amount to be paid of \$4 00, bill not having been presented. In addition to the amounts set forth above, there will be additions of interest to each account, the books not having been presented at the bank for this purpose.

The Lizzie Davis Fund For Schools, the balance of February 27, 1936 is \$103.22, interest to be added upon presentation of book.

AUDITOR'S REPORT

To the Citizens of Waterboro:

In the absence of your duly elected Auditor, Miss Elizabeth Blaisdell, I have, by request, audited the accounts kept by the Selectmen and by the Treasurer and Tax Collector for the preceding year.

Obviously any real audit of these accounts involves an examination of the system by means of which such records are kept.

Upon the assurance that the system employed has been found in practice to be well adapted to the demands placed upon it, I certify that, to the best of my knowledge and belief, said accounts are correct.

February 27, 1936.

Respectfully submitted,

RAYMOND H. BRADEEN,

Auditor of Waterboro, Maine.

A Glimpse of Its Past

History having been defined as "the record of what man has done," it is both interesting and timely to look into that record that we may see what he has done here in this section of the Pine Tree State in which our fathers carved homes for themselves out of the wilderness. In this year of 1937—a century and a half since the incorporation of our town in 1787—it is fitting that we pause for a glimpse of its past, the better to appraise its future.

Let us go back of 1787—back to the middle of the 17th century, to the year 1661 to be exact, in order that we may get the true background of Waterboro. In 1661 Major William Phillips of Saco bought a large tract of land from three Indian chiefs—Fluellen, Hobinowell, and Captain Sunday. In this deal these sagamores sold to Phillips the area which is now contained within the townships of Sanford, Alfred, Waterboro, that part of Limington south of the Little Ossipee River and the portion of Hollis north of Salmon Falls on the Saco. After the death of Major Phillips and the subsequent passing of his widow, the territory contained within the Town of Waterboro came into the possession of three Boston proprietors—this by virtue of a will of Mrs. Phillips—and the town was named for one of them, Col. Joshua Waters.

The town was surveyed in 1784-5 and the plan, made by James Warren, is now held in the county records at Alfred. A boundary settlement with the Town of Hollis was not reached, however, until some twenty years later. The Little Ossipee River bounds the town on the north—Limerick and Limington coming to the opposite shores; Limington and Hollis bound the town on the east, with Lyman and Alfred forming the southerly boundary, while Alfred, Shapleigh, and Newfield bound the town on the west. The town contains about forty square miles of which from two to three square miles are covered by water. The largest body of water is Little Ossipee Lake which is some three and one-half miles long.

In 1768 we find that John Smith settled near Waterboro Old Corner and during the next two years some eight families settled in this locality or nearby. The population of the settlement grew slowly owing to the outbreak of the Revolutionary War, and at the end of fifteen years there were fewer than one hundred twenty-five people in the community, which was then known as "Massabesic Plantation."

There were at this time two principal roads, if roads we may call them as they may well have been little more than glorified trails. One of these roads led along the westerly shore of Massabesic Pond, on through the Old Corner and across the easterly spur of Ossipee Mountain to the southerly end of Little Ossipee Lake. From this point the road led through North Waterboro and crossed the Little Ossipee River at a ford not far above where the bridge is now located. The other road branched at the Old Corner and, following a course to the east of Middle Branch and Poverty Ponds, led down the outlet of the latter to a point about a mile from the Little Ossipee River and thence to Dam's Mills.

In 1780 Samuel Dam came from Durham, New Hampshire, and opened a public house about a mile south of the Old Corner. Later, Mr. Dam, being an industrious man, bought the mill site on the Little Ossipee River in Newfield, built a saw mill and a grist mill there, sent his son to manage the business, and the family gave its name to the community—Dam's Mills.

In 1790 the General Sessions Court was moved to Waterboro and a courthouse was built where the road forked about a mile south of the Old Corner. In 1805 the court was moved to Alfred and the building sold.

The first church, a union church, was organized in 1782, its meetings being held in Joshua Ricker's home. The members of this church were later divided among the various parishes as they were organized. The next church, formed in 1791, was a Baptist church at the Old Corner. A meeting house was built in 1794 and the Rev. Henry Smith became the first regular pastor, serving his congregation for more than two score years. The church building was rebuilt about 1804 and remodeled, first in 1850 and again in 1890. It stands today, a stately building beautifully situated on the hillside flanked by its row of shade trees.

With the passing years and the growth and spread of the population other church societies were organized. The churches in the southerly, easterly, northerly, and central sections of the town, the one on Ossipee Mountain and the Elder Gray meeting house on Bradeen's Ridge filled the need of their respective communities. In connection with the Elder Gray meeting house it is interesting to recall that one hundred five years ago it was moved with oxen from its site near Chadbourne's Mills at the northerly end of Little Ossipee Lake to its present location on the Ridge.

In 1784 the first school was opened in the town. This

school, a private school, was held in a barn and was taught by Samuel Robinson. In 1789 free instruction was offered by the town and from that time to the present day the boys and girls of Waterboro have had their opportunity to "study and prepare themselves." Prior to 1819, when Col. Samuel Bradeen and the Rev. Henry Hobbs, as representatives of the Town of Waterboro, voted in the Portland Convention for the separation of Maine from Massachusetts, the three R's were the subjects taught. After Maine became a separate state, grammar and geography were added to the course of study—other subjects being added as the need became evident.

The desire of parents that the young people should have an opportunity to pursue those subjects usually taught in secondary schools led the citizens to decide to open a free high school. For many years the sessions of the high school were held in the Town Hall at Center Waterboro but in 1922 a modern high school building was opened in South Waterboro. This building is a credit to the town, providing grade housing accommodations as well as high school quarters. All schools in town were graded some over twenty years ago and have for many years been in charge of a union superintendent of schools.

It would seem needless to say that our schools have given early training to many who have gone out into the world and made a success in their chosen work—in the ministry, the law, medicine, business, and in all those many kinds of endeavor in which conscientious and industrious people engage. Others of our youth have remained at home—to work on the farm and in the woods, to work in the local stores, saw mills, and in the industries in nearby towns. They are the ones charged with the duty of protecting our heritage from the past and transmitting it, enriched by their own contribution, to the future.

Although no names are given, tribute is paid to all those who, by their lives, have reflected credit upon the town of their birth. Although no roster appears, grateful appreciation is accorded to those who have served well our town and country in the wars in which our nation has engaged in the last century and more. With this salute to those who have contributed to the welfare and good name of Waterboro it is sufficient to say that this brief outline of its history is presented in the hope that those interested will feel the urge to explore further a subject deserving the attention of every citizen of our town.

RAYMOND H. BRADEEN.

Balance			\$ 6040.75		\$ 6040.75

The balance where [x] appears is \$100.00 more than in the account in another part of the report, owing to the fact, that in that account there is an error in subtraction. This error was in the audited copy sent to the printer and was not discovered until after being printed.

The amounts in the accounts where [¶] appears do not agree with the Superintendent account.

The reason being, he carries forward balances from last year.

The above balance of \$6040.75 represents what the town has saved this year. This has been accomplished mainly thru the efforts of the Selectmen in keeping the expenditures in most cases under the appropriation. Of this amount the Treasurer has paid \$3000.00 on the town debt.

By vote of the town at the 1937 annual meeting, the joint fund was applied to the cost of application of tar to the surface of old construction

beginning at Blaisdell's hill and continuing to the top of Pierce's hill, so called. The use of the town's appropriation is set forth above; the remaining cost of the work was paid for by the State direct and does not enter into our bookkeeping.

STATEMENT

The real estate of Orrin C. Boothby, consisting of land and buildings where he resides, in South Waterboro village, was conveyed to the Inhabitants of Waterboro during the past year with the understanding and agreement set forth in the deed that said Inhabitants should care for him during the remainder of his life. His future care and support is not properly a charge against the Poor department and a separate appropriation should be made for this account. The conveyance is made subject to a mortgage thereon as security for the payment of a note for \$300.00

Respectfully submitted

ANTICIPATION LOANS FOR 1937

The treasurer has borrowed during the year 1937 for the payment of current bills of the town of Waterboro sixty-six hundred (\$6 600.00) dollars, all of which has been repaid. The borrowings were from the Casco Bank & Trust Company Limerick Branch, and the rate was at 3 per cent.

FINAL CASH STATEMENT FEB. 21, 1938.

To be added to the above stated cash balance of \$2,902.88 are the following cash receipts:

Feb. 19, 1938, Rec'd. of Fred A. Hobbs, Adm., in full settlement of all tax deeds and tax liens against estate of John H. Woodward, \$252.95. and from Silver Burdett Co., for refund \$18.21 a total of \$271.16, making a grand total of cash on hand of \$3,174 04

Outstanding at this time are town bonds to the amount of \$27,000.00, which were authorized by vote of the town in 1936. The original issue was \$29,000.00, \$2,000.00 of which was paid during the current year. At this time the town is approximately \$5,000.00 below the debt limit, a favorable condition that has not existed since 1930. There are no outstanding orders unpaid and no overdue obligations of any sort unless contracted since February 1, 1938.

The above statement represents the amount due as of
February 19 1938.

These funds are subject to the order of the Selectmen
and Treasurer and can be used only for certain specific pur-
poses, fully explained in the town report for the year 1929.
They are not town trust funds, being subject to the order of
the Selectmen and Treasurer in accordance with the condi-
tions of deposit in the Biddeford Savings Bank.

DELINQUENT TAX REPORT, 1931 to 1937

The amount of delinquent taxes carried by the town as
assets, by years, are as follows:

1931	\$ 393.90
1932	1,319.52
1933	1,721.00
1934	737.00
1935	563.42
1936	1,233.74

For the years 1934 and 1935 there are tax sales amount-
ing to \$780.75 and the total of tax liens filed against the real
estate for the years 1934, 1935 and 1936 is \$1,574.66. Because
of the non-redemption of some of the real estate against
which tax liens have been filed, the town is now owner of
the property and taxes have not been assessed against such
property for the current year.

AUDITOR'S REPORT

I, Horace P. McLaughlin, appointed Auditor to succeed Raymond H. Bradeen resigned, hereby submit my report as Auditor for the year 1937.

I have made a most thorough examination of the accounts of the Selectmen, Assessors and Overseers of the Poor and hereby declare that the same have been correctly kept and balanced.

I have also carefully examined the books and accounts of the Treasurer and Collector of taxes for the year 1937. He has exhibited to me evidences of payment on proper warrants amounting to the sums set forth in his "CREDIT" account as such Treasurer to the last cent.

I have given the same examination to his books as Collector and certify the attached report is correct.

I have checked all tax sales and lien claims of the town in his possession and find the town owns real estate tax claims of the amount of \$780.75 and owns properly recorded tax liens amounting to \$1,574.66. I was unable to find anything of this nature prior to 1934. It should be called to the attention of delinquent taxpayers that tax liens, unless redeemed within eighteen months after filing, transfers the title of such property to the town. I find that the debt of the town has been reduced exactly \$5000.00 during the year. The Treasurer has cash \$3,174.04.

Respectfully submitted,

H. P. McLaughlin

Auditor of Waterboro, Maine.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and citizens of Waterboro:

I submit herewith for your consideration the annual report of the Waterboro schools.

Pupils are registered and classified in the elementary schools at present as follows:

South Waterboro

Grammar	32
Intermediate	21
Primary	17

East Waterboro

Grammar	33
Primary	28

North Waterboro

Grammar	17
Primary	22
Total	170

Number of persons between the ages of 5 and 21 years according to last school census: 133 boys: 148 Girls: Total 281.

There has been but one change in the teaching personnel during the past year. Mr. Leslie Ross resigned the South Waterboro Grammar School position to accept a position in Biddeford. Mr. Howard Libby of Newfield was elected to fill the vacancy thus caused.

During the past summer the school at South Waterboro was painted inside. This is the first time there has been

any interior decorating since the school was built. Owing to extensive repairs that were necessary to put the walls in proper condition for this work, the appropriation was overdrawn and there is still unpaid the sum of one hundred dollars.

Something very definite should be done during the coming year relative to the heating problem at East Waterboro. The furnace in that building is temporarily repaired but before another winter a more efficient system should be installed. The present system has never been satisfactory and money spent to repair it is wasted.

Standards set by automobile liability insurance companies indicate the fact that improvement in the type of school conveyance busses is imperative. Since the law requires that all such busses be insured and the insurance companies make certain requirements and regulations there is no alternative in the matter except to meet these standards.

It appears that under Chapter 91, Public Laws of Maine 1935, the Town of Buxton may have to reimburse the Town of Waterboro for extra expense of transportation of the Cressey children at North Waterboro. Bills for this extra expense aggregating \$964.10 have been presented to the Town of Buxton. A suit between the Town of Turner and the City of Lewiston based on this Chapter 91 of the Laws of 1935 is now pending in the court. The decision in that case may assist in making clear the application of this particular law to our problem in this extra expense for the transportation of the Cressey children.

In conclusion I wish to express to the committee to the teachers and to the citizens of Waterboro my appreciation of the kindness and consideration shown me during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent and Superintending School Committee.

Greetings:

I herewith submit my annual report of Waterboro High School.

The registration at the beginning of the year was forty-five (45) distributed as follows:

	Girls	Boys	Total
Seniors	5	5	10
Juniors	5	5	10
Sophomores	5	1	6
Freshmen	8	11	19
Total	<u>23</u>	<u>22</u>	<u>45</u>

Three students have left Waterboro High School. A Sophomore boy because of injuries received in a hunting accident, and two Freshmen; a girl who transferred to Alfred, and a boy who went to work. The average attendance is 42.05 pupils.

I would suggest a study of the curriculum in view of reorganizing it in order to care more fully for the needs of the large majority of students who do not plan, or are not able, to continue their formal education after high school.

I again recommend the addition of a music course to our school system in order that we may give our students an appreciation of that worthy art, and allow them to take their place with other schools of the County in the annual musical entertainment given at the County Teachers Organization.

I wish to express my sincere appreciation to all who have helped contribute to the success of the past five years.

Respectfully submitted,

SEWELL M. DRISKO,

Principal.
